

DAUDU TEMIDAYO VICTOR

Geospatial Analyst & Drone Expert

No 9, Adeboye Akinola Close, New Ilula Quarters, Off Sijuwade Hospital, Akure, Ondo State, Nigeria

Phone: +2348100538012, +2347015308959 **E-mail:** dayodaudu16@gmail.com

LinkedIn profile name: [linkedin.com/in/daudu-dayo-550aab1b0](https://www.linkedin.com/in/daudu-dayo-550aab1b0)

PROFESSIONAL SUMMARY

A young, dynamic, result-oriented graduate of Forestry and Wood Technology with strong research, analytical, and geospatial skills. I am a fast learner and an open-minded team player with a strong interest in environmental sustainability, geospatial analysis, and applied research. I am passionate about pursuing a career in research. I aspire to build a career in research and academia, contributing meaningfully to environmental management, climate change mitigation, and sustainable natural resource use through innovative, data-driven research.

Research Interests: | Geographical Information Systems (GIS) | Remote Sensing | Climate Change Impacts | Coastal and Mangrove Ecosystems | Land Use/Land Cover Change| Environmental Sustainability| Forest Resource Management |

EDUCATION

Federal University of Technology, Akure, Nigeria

2025

Bachelor of Technology (B.Tech.) in Forestry and Wood Technology

Final Grade: Second Class Upper Honors

GPA: 4.33/5.0

Undergraduate Research Project Title:

Geospatial Analysis of Wetland Resources in Ilaje Local Government Area, Ondo State, Nigeria

SKILLS AND COMPETENCES

Geospatial & Technical Skills:

- GIS & Remote Sensing
- Raster analysis computation
- Land Use/Land Cover (LULC) Analysis
- Spatial data analyst and mapping
- Drone operation and data acquisition.

Software& Tools:

- ArcGIS
- Python
- Autodesk AutoCad Map3d
- Quantum GIS, Golang
- Google Earth Engine Code
- Google Earth Pro
- TerrSet
- Collect Earth Online

Professional & Personal Strengths:

- Excellent communication and interpersonal relationship skills
- Leadership and Teamwork,
- Organizational skills

- Time and Project Management.

RESEARCH EXPERIENCE

Research Assistant, Department of Forestry and Wood Technology

2024-2025

Federal University of Technology, Akure, Ondo state.

- Contributed to research activities related to mangrove restoration and coastal ecosystem management.
- Collaborated with team members to raise approximately 1,000 seedlings of *Tectona grandis* for experimental and restoration purposes

PUBLICATIONS

Fabiyi, O.O. & Daudu, T.V. (2025). Spatial Analysis of Wetland Dynamics and Sea Level Rise Effects on Nigerian Coastal Area: Case Study of Ilaje Local Government Area, Ondo State. *Contemporary Issues in Planning and Environmental Studies*, 1(2). <https://doi.org/10.5281/zenodo.17867734>.

INDUSTRIAL EXPERIENCE

Student Industrial Work Experience Scheme (SIWES)

November 2024

Wood Workshop, Forestry and Wood Technology, Federal University of Technology, Akure

- Assisted in wood processing and workshop operations, including machine handling and safety procedures
- Participated in the fabrication and maintenance of woodworking equipment
- Gained hands-on experience in timber processing techniques and workshop management practices.

Student Industrial Work Experience Scheme (SIWES)

October 2024

FWT plantation, Forestry and Wood Technology, Federal University of Technology, Akure

- Participated in plantation management activities, including nursery operations
- Assisted in tree measurement exercise such as diameter at breast height (DBH) and height measurement.
- Supported routine silvicultural practices and plantation monitoring activities.

Student Industrial Work Experience Scheme (SIWES)

September 2024

Centre for Space Research and Application (CESRA), Federal University of Technology, Akure

- Participated in map digitization, spatial data creation, and geospatial analysis using GIS software
- Assisted in GIS and Remote Sensing data processing for environmental and spatial analysis
- Participated in spatial data acquisition for termite population around the campus

Student Industrial Work Experience Scheme (SIWES)

August 2024

Rex Forestry Ltd

- Supported drone deployment, data acquisition, and processing for further geospatial analysis
- Gained practical knowledge of industrial forestry operations and wood product utilization
- Participated in land tracking and plot measurement using GPS

Student Industrial Work Experience Scheme (SIWES)

July 2024

Forestry Research Institute of Nigeria (FRIN)

- Participated in tree inventory and forest assessment activities within built-up and research areas
- Participated in the production of briquette, a form of bio-energy
- Supported data collection and documentation for forestry research and management purposes.

VOLUNTEERING & LEADERSHIP EXPERIENCE

Leadership

IFSA-FUTA LC Treasurer

December 2023 – November 2024

- Managed departmental funds and maintained transparent financial records for student activities.
- Prepared periodic financial reports and supporting budgeting for departmental programs and events.

Volunteer

Centre for Human Settlement and Sustainable Development (CHUSSDEV)

July 2025 – Present

- Actively involved in the Mangrove Restoration Project in Ilaje Local Government Area, Ondo State supporting environmental restoration and sustainability initiatives.
- Served as co-tutor for a 2 day training on electronic survey and data collection using Epicollect5 for the Association of Town Planning Consultants, Lagos State Branch, Ikeja, Lagos State.
- Participated in drone flight operations and building footprint extraction of communities around Oluwa forest

Workshop

Landscape Restoration Dynamics & Governance

23rd-27th February, 2026

- In-person training workshop for early practitioners & early-career professionals in landscape restoration

Food Systems Land Use Restoration (FOLUR-NG) / Participatory Informed Landscape Approach (PILA) Mapathon

16th-20th March 2026

- Geospatial Training on Collect Earth Online

Project

10-day Mapathon

7th-17th April 2026

- Conducted geospatial analysis using Collect Earth Online (CEO) to assess Land Use/Land Cover (LULC) changes in Ondo State from 2000 to 2026
- Interpreted satellite imagery and contributed to land cover classification and change detection for environmental monitoring.

Member

Environmental Conservation Club

Jan., 2024– November, 2025

- Participated in activities focused on climate change mitigation and environmental sustainability.
- Contributed to climate change awareness campaigns within the university campus.

Member

Plogging Community

July, 2025 –November, 2025

- Actively participated in routine campus clean-up and waste management activities.
- Engaged in climate change awareness and environmental advocacy initiatives.

AWARDS, HONORS & CERTIFICATIONS

- Certified Cloud Practitioner & Solutions Architect, Shull.io **2022**
- DevOps Engineer, Schull.io **2023**
- Soft-Skills Training **2023**

- Leadership Recognition (IFSA-FUTA Local Chapter Treasure) 2024
- ESRI MOOC, GIS for Climate Action 2025
- **Winner**, Quiz completion - Academic Conference “*Unleashing the power of Forestry*” 2025
- Geospatial Community Empowerment (GCE) Program 2025
- Landscape Restoration Dynamics & Governance 2026
- Food Systems Land Use Restoration (FOLUR-NG) / Participatory Informed Landscape Approach (PILA) Mapathon 2026
